

4th HRI International Homeopathy Research Conference
Cutting Edge Research in Homeopathy
London, 14-16 June 2019

Conference Programme

Conference Registration

THURSDAY 13 JUNE 2019

18:00 – 20:00 **Registration** – Foyer, Tower Hotel

18.30 – 20:00 **Welcome Drinks** – Garden Terrace, Tower Hotel

Day 1 – Cutting Edge Research in Homeopathy

FRIDAY 14 JUNE 2019

FULL DAY PLENARY SESSIONS

09:00 – 09:25 **Opening Ceremony**

09:30 – 10:30 **Does homeopathy get a fair hearing?**

Prof ROBERT HAHN, Sweden. *How homeopathy is treated in meta-analyses*

Rachel Roberts, UK. *Challenging inaccurate, influential literature on homeopathy*

10:30 – 11:00 Coffee

11:00 – 12:30 **Mixed Session 1**

Dr ELIZABETH THOMPSON, UK. *Cutting Edge Research – what are the priorities for clinical research and evaluation for homeopathy to become a valued part of the Integrated Medicine Model?*

Dr Alexander Tournier, Germany. *Physicochemical investigations of homeopathic preparations: a systematic review*

Dr Robert Mathie, UK. *The high-quality randomised controlled trials of homeopathic treatment, as defined by systematic review and meta-analysis*

12:30 – 14:00 Buffet Lunch

- 14:00 — 15:20** **Mixed Session 2**
- Prof VLADIMIR VOEIKOV**, Russia. *Disperse and dissipative nature of aqueous systems – a possible foundation of homeopathy?*
- Dr Stephan Baumgartner & Sandra Würtenberger**, Germany. *Effects of homeopathic preparations of Mercurius corrosivus on the growth rate of mercury-stressed duckweed Lemna gibba L. as a function of different stress levels*
- Dr Ingrid Theunissen & Dr Jean-Lionel Bagot**, France. *Homeopathy and expert consensus recommendations – unlikely bedfellows? New research in homeopathy and expert consensus recommendations in oncological supportive care*
- 15:20 — 15:50 Coffee
- 15:50 — 16:50** **Poster Talks**
- Dr Francisco Eizayaga**, Argentina. *Homeopathic treatment of psoriasis, a case series*
- Dr Amjith Naisam**, India. *Homoeopathic management of tomato leaf curl virus using Psorinum*
- Dr Carlo Maria Rezzani**, Italy. *Clifical: First result of Carcininum patient cases*
- Dr Leena Bagadia**, India. *A randomised control trial using individualised homeopathic treatment for modifying anger and thereby reducing blood pressure in patients of essential hypertension against standard care treatment*
- Dr Domingos Jose Vaz Do Cabo**, UK. *Proposal homeopathic treatment guidelines for patients with Hepatitis C*
- Prof Elizabeth Macera**, Swaziland. *Symptom severity and functional status in patients with joint pain, back pain, headache, and cough: a 10-year retrospective analysis of The Swaziland Homeopathy Project*
- 17:00 — 19:00** **Poster Session & Drinks Reception**
- Please see [Poster Programme](#) for details.
- 19:30** **River Thames Dinner Cruise – St. Katherine’s Pier**

MORNING PLENARY SESSIONS

09:00 — 10:30 Clinical Research 1

Dr CLARE RELTON, UK. *Randomised Controlled Trials*

Dr Praveen Oberai, India. *Effectiveness of homeopathic medicines as add-on to institutional management protocol for acute encephalitis syndrome in children: an open-label randomized placebo-controlled trial*

Dr Elio Rossi, Italy. *Homeopathic treatment of atopic diseases: short and long-term results in a cohort of 563 atopic adult patients*

Homeopathy Research Institute. *10 years in 10 minutes*

10:30 – 11:00 Coffee

11:00 — 12:20 Agrohhomeopathy & Veterinary Research

Prof LEONI BONAMIN, Brazil. *Homeopathy and environmental challenges*

Dr Cidéli Coelho, Brazil. *Use of *Papaver somniferum* and *Arnica montana* in ultradiluted form to assist in anesthesia recovery and as an analgesia for dogs that underwent an ovariohysterectomy*

Francinne Narita, Brazil. *Control of liver enzymes in Magellanic penguins (*Spheniscus magellanicus*) through ultradiluted medicine*

12:30 — 14:00 Buffet Lunch

AFTERNOON PARALLEL SESSIONS

14:00 — 15:20 Basic & Fundamental Research

Annekathrin Ücker, Germany. *Systematic review of plant-based homeopathic basic research: An update*

Dr Maria Olga Kokornaczyk, Switzerland. *Homeopathic preparations in the low potency range studied by means of pattern formation in evaporating droplets: influence of succussion stroke number*

Dr Steven Cartwright, UK. *Immobilisation of solvatochromic dyes on transparent membranes: a simple and effective method for investigating the physics of homeopathic potencies*

Prof Shahram Shahabi, USA. *Subcutaneous isopathic immunotherapy of allergic asthma in a mouse model of allergic asthma*

- 14:00 — 15:20** **Clinical Research 2**
Dr Anil Khurana, India. *An assessment of a public health initiative of homeopathy for primary teething*
Dr Russell Malcolm, UK. *Demographic review of outcomes in an NHS Homeopathy clinic*
Dr José Eizayaga, Argentina. *Prevalence and likelihood ratio of 6 common objective homeopathic signs in patients responding to muriatic medicines. Multicentre prospective observational study*
Prof Ashley Ross, South Africa. *The challenges of submitting a proving protocol to a regulatory authority*
- 15:20 — 15:50 Coffee
- 15:50 — 16:50** **Cell-Based Research**
Dr Marta Marzotto, Italy. *In vitro testing homeopathic drugs on bronchial cells*
Dr Oskan Tasinov, Bulgaria. *Ferrum phosphoricum D12 treatment affects J774A.1 and 3T3-L1 cells proliferation and gene expression of inflammation, oxidative stress and iron metabolism related proteins*
Neha Chandrakar, India. *Physico-chemical characterization of high dilutions of *Symphytum officinale* and therapeutic effect in hepatic and osteosarcoma cells*
- 15:50 — 16:50** **Clinical Research 3**
Dr Katharina Gaertner, Switzerland. *Outcome-specific review of controlled clinical studies with homeopathic medicines*
Aaron Ka Lun To, Hong Kong. *Safety and efficacy of individualised homeopathic treatment in sciatica – a phase I pre-post comparison study*
Dr Roja Varanasi, India. *Effects of individualized homoeopathic intervention in stage I essential hypertension: a single blind randomized, placebo controlled pilot trial*
- 19.15 – 20.00** **Drinks Reception** – White Tower, Tower of London
20:00 – 22.05 **Gala Dinner** – New Armouries, Tower of London
- 21:30 – 01.00** **HRI 10th Birthday Party** – Gallery, Tower Hotel

MORNING PLENARY SESSIONS

09:00 — 10:40 Basic Research & Oncology

Prof Christian Endler and Dr Corinne Kraus, Austria. *Further data on wheat germination and silver nitrate (10e-3 to 10e-25): low and medium dilutions*

Susann Buchheim-Schmidt, Germany. *In vitro evaluation of the anti-pathogenic activity of *Okoubaka aubrevillei* mother tincture/ 3X in the human gastrointestinal tract using the SHIME technology platform*

Paul Doesburg, Netherlands. *Replication and meta-analysis of specific effects of homeopathically prepared tin (*Stannum metallicum* 30x) with a cress seedling, CuCl₂ crystallisation 'fingerprint' approach*

Dr Cristina Noberasco, Italy. *Severity of radiodermatitis in breast cancer patients with preventive treatment with homeopathic/integrative protocol compared with a control group*

Dr Yakov Freed, Israel. *Homeopathic treatment ameliorates fatigue and attentional deterioration in radiotherapy breast cancer patients*

10:40 – 11:10 Coffee

11:10 – 12.30 Clinical Research 4

Dr Debadatta Nayak, India. *Effect of adjuvant homeopathy with usual care in management of thrombocytopenia due to dengue – a comparative cohort study*

Dr Gualberto Díaz-Saez, Spain. *A homeopathic medication can improve upper respiratory tract infections in COPD patients: EPOXILO cohorts study*

Dr MICHAEL TEUT, Germany. *Rethinking homeopathic research methodology: why comparative effectiveness research matters*

12:30 Closing Ceremony

12:40 – 14:00 Buffet Lunch

Learning time for CPD credits: 13hrs.

Keynote speakers are indicated by use of capitals.

Please note that although every attempt will be made to follow the programme as described, it remains subject to change. For further information see www.HRILondon2019.org
